On behalf of the No.9 Foot Spa. I am hereby filing an appeal of this revocation. For reason of the subject of this case Mei Qiong Zhong. She went to court on 5/11/2022 and was told to return back on 7-25-2022. There was no verdict and this is only an allegation. The city can not suspend or revoke the Business License until there is a verdict rendered by the Judge. We have been in Business for over 7 years and there is none known violations in place and I know there would be any in the future.

On 4-6-2022. The customer took off his clothes and said to the masseuse to take off her clothes. The masseuse Mei Qiong Zhong got scared and immediately left the room in fear for her safety. She did not agree or did any Acts of Prostitution.

It should be voted that in each room. We posted any illegal activity is strictly not permitted and subject to Law Enforcement.

Please delay the revocation order until there is a Judgment rendered by the Judge on 7-25-2022.

Thank you so much.
