

Response to Questions for the South Coast Feasibility Study RFP

Question 1. We were reading through the RFP, and in Section II – Scope of Work for Contract, we could not access the information on the current gate rates (<http://sanmateo.siretechnologies.com/sirepub/cache/2/phhwtf5jrdrfi3epiuagspsh/39550302082016043352394.PDF>) and current contract with Allied Waste (<http://sanmateo.siretechnologies.com/sirepub/cache/2/gvu1fy0tp3aphvbr4243tff2/36098402082016043857127.PDF> and <http://sanmateo.siretechnologies.com/sirepub/cache/2/gvu1fy0tp3aphvbr4243tff2/36098502082016043930720.PDF>) – the links provided lead to a 404 Not Found page. Is it possible for you to attach this information in an email, or provide new links?

Response 1. Here is the link to access the County of San Mateo Board of Supervisors Board Reports and Resolutions <http://sanmateo.siretechnologies.com/sirepub/meetresults.aspx>

Step 1. Use the Search By Key Word Feature and enter **Pescadero Transfer Station**

Step 2. Search By Meeting Type **click the box** Board of Supervisors

A list will be generated that will contain the most current documents as described in the RFP.

Question 2. **What has the County estimated for the budget for this project?**

Response 2. The County has not set a budget for this project. If the cost of the proposal exceeds \$100,000 it will require the Board of Supervisors approval.

Question 3. **A. Is the County happy with the work done by previous consultants?**
B. Are the prior consultants in a favorable position with the County that would place our firm at a competitive disadvantage?

Response 3. A. The County has been satisfied with all of the work conducted by the consultants/contractors selected for the various Solid Waste projects.

B. As noted in the RFP “This RFP seeks the submission of proposals to provide services from any and all interested and qualified proposers.

The County seeks by way of this RFP to obtain the listed services in a manner that maximizes the quality of services while also maximizing value to the County and, by extension, the citizens of the County. Proposers must be able to show that they are capable of performing the services requested.”
